

Almaden energy storage photovoltaic glass

Who is Almaden solar glass coating company?

Almaden is a technology-oriented enterprise. Since its establishment the company has been committed to the research and innovation of solar glass coating technology. The production capacity and sales volume of its main product, anti-reflective coating solar glass, rank the forefront of the industry.

What makes Almaden unique?

Almaden is focusing on ultra-thin glass-glass solar module development and is striving to bring the customers the most competitive products with high added value. Specially formulated nano coating solely for photovoltaic applications.

Will Almaden reorganise a significant asset reorganisation?

This transaction is expected to be a significant asset reorganisation. Almaden plans to issue shares to a maximum of 35 qualifying special purpose entities to raise funds.
