

Antai Photovoltaic Panel

Who is Antai solar?

Antai Solar stands as a prominent figure in the realm of digital intelligent PV mounting system solutions. Established in 2006, our workforce has grown to nearly 800 professionals, including over 120 specialized technical experts, supported by 6 manufacturing facilities spread across the globe.

Why should you choose Antai solar?

Antai Solar holds a prominent position in Malaysia's solar market by offering top-notch racking and tracking systems for commercial and industrial (C&I) as well as utility-scale projects. Its expertise and industry experience make Antai Solar well-equipped to foster the proliferation of solar energy adoption in Malaysia.

Who is antaisolar?

Antaisolar, expert in digital intelligent PV mounting system solutions, headquartered in Xiamen, China. Established in 2006, Antaisolar has nearly 800 employees, including over 120 dedicated technical specialists, providing global customers with full-material, full-function, full-service solar tracking, racking and BIPV system.

Who is Antai & Welspun India Limited?

Antai, the leading supplier of the whole industry chain in PV mounting systems, has recently completed the signing of a 23MW supply agreement with WELSPUN INDIA LIMITED, committing to provide its classic slew-drive single-axis independent tracking system - TAI Simple for the solar plant.

What is Antai snapfit?

ANTAI SnapFit mounting system is strong and very quick to install. Ideal for commercial and industrial rooftop installations. Antai's most popular 1P Single-Axis Tracker. Robust design using one motor per row, full 120° rotation, backtracking and anti-flutter technology.

What is antaisolar 1P Single axis Tai-simple tracker?

In the utility sector, Antaisolar has established itself as No.6 tracker suppliers in ACPC region, offering the 1P single-axis TAI-Simple tracker. This system is compatible with large-format and bifacial modules, utilizing advanced tracking algorithms to optimize energy yield.
