What is the \$7 billion solar for all program?

Oops, something went wrong. Check your browser's developer console for more details. Under the \$7 billion Solar for All program, the 60 grant recipients will create new or expand existing low-income solar programs, which will enable over 900,000 households in low-income and disadvantaged communities to benefit from distributed solar energy.

How will EPA's 60 solar for all program help low-income households?

EPA estimates that the 60 Solar for All recipients will enable over 900,000 households in low-income and disadvantaged communities to deploy and benefit from distributed solar energy. This \$7 billion investment will generate over \$350 million in annual savings on electric bills for overburdened households.

Who will receive a \$7 billion solar grant?

Washington - Today, April 22, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects to over 900,000 households nationwide.

Will Washington expand solar access to income-qualified residents?

Washington will launch several programs that will expand solar access to income-qualified residents and frontline communities throughout the state. These programs will complement existing programs and policy to support distributed solar in the state.

Who is eligible for solar for all?

Eligible applicants to Solar for All include states, territories, Tribal governments, municipalities, and eligible nonprofit recipients. Coalitions, led by an eligible lead applicant, are also eligible to apply to this competition. Additional detail on eligibility can be found in Section III of the Notice of Funding Opportunity (NOFO).

Is solar for all funding available?

Solar for All funding is not yet available. Residents should be aware of the potential for scams claiming to provide equipment (such as solar panels or battery storage) or services (such as home repairs or upgrades) under the Solar for All Program.
