

Customized generator air inlet and exhaust silencer

Can You Weld a silencer to a portable generator?

In most cases you can weld the adapter directly to the exhaust port. The Silent Rider's patented technology has been adapted to silence your portable generator. We are the only custom silencer on the market and 100% made in America. You can expect up to a 15% reduction on exhaust noise, with no loss in power and performance.

What is a generator silencer & muffler?

That is where a portable generator silencer or muffler comes in! A silencer or muffler attaches to the exhaust pipe on your generator and helps to suppress the noise that the generator produces. There are many ways to reduce your generator's noise level, and in this post, I am going to show you what works. How Loud Are Generators?

Who makes generator silencers?

We manufacture power generator silencers for Kohler, Generac, PSI, General Motors (GM), Winco, Caterpillar, Cummins, John Deere, Perkins, MTU and Doosan Engines. Nett Generator Silencers are compatible with these brands and many more!

Will a bolt-on Silencer fit a portable generator?

If your exhaust outlet outside diameter is greater than 2-3/8 inches the bolt-on silencers will not fit. In most cases you can weld the adapter directly to the exhaust port. The Silent Rider's patented technology has been adapted to silence your portable generator. We are the only custom silencer on the market and 100% made in America.

Can a silencer be customized?

The silencer inlet/outlet diameters, as well as their locations, can be customized to the application. Virtually all other dimensions, material and paint color can be customized upon request. Cylindrical, Disc, Rectangular Silencers for Caterpillar, Cummins, Kohler, MTU power generators.

Is this generator exhaust extension silencer kit worth it?

It's Dave here and let me just say, this Generator Exhaust Extension Silencer Kit is worth every penny. Not only does it change the tone of my generator's exhaust noise (which my neighbors greatly appreciate), but it also prevents any rust or corrosion with its industrial-grade materials.

Generator Exhaust Silencer 8" x 5": 1.75" Bore- Oval Muffler Box. Generator Exhaust Section. Whether you have a generator that requires a single generator clamp, generator flanges, ...

o APU Inlet silencers o APU Inlet plenums o APU Exhaust systems and liners o ECS trim air silencers o ECS

Customized generator air inlet and exhaust silencer

main ducting, feeder and riser silencers o ECS flexible mufflers o Engine inlet, ...

The most popular way to correctly muffle your generator's exhaust is with a generator muffler silencer. These silencers mount to your portable generator's exhaust and act as a silencer to reduce noise levels by ...

With our standard and custom-designed Cylindrical, Disc, Rectangular and Compact Silencers, it's never been easier to meet your engine specific needs in the most cost-effective way and with a short lead time.

Critical Grade Cool Exhaust Silencer ; ... Custom Air Intake with Generator Noise Suppression; New Strick Trailer with 5 Year Warranty; Acoustically Isolated Engine Room; Power Distribution - Custom Configurations Available. DB400 ...

Thanks to YAMAKATO's Generator Muffler Silencer, I can now run my generator without waking up the entire neighborhood. Plus, it came with everything needed for installation, making it super easy for me to use.

The Generator-Line Enclosure Exhaust System allows the enclosure of the Honda EU generators into an outbuilding for security, weather protection, and additional sound reduction. The EU2000i/20i, EU3000is/30is series exhaust ...

Universal provides a single source supply for all air and exhaust needs, except the generator! Inlet air filtration and silencing, exhaust treatment and silencing, vent silencers, blower silencers, emission treatment systems including ...
