Where can I rent a mobile generator?

The Cat® Rental Store offers a broad selection of mobile generator rentals that provide a dependable and affordable solution for off-the-grid locations. They can also serve your in-house backup or emergency power requirements. The Cat Rental Store consists of a nationwide and global network of more than 1,300 locations.

What equipment do you offer a power generator rental company?

We also offer a vast inventory of complementary power generator rental equipment and accessories including switchgear, distribution, load banks, fuel tanks, transformers, ground protection, and more. When disasters strike, whether natural or man-made, your facility's day-to-day operations stand the risk of complete shutdown.

Does Sunbelt Rentals have a generator?

From emergency and portable power generation to supplemental or temporary power needs, Sunbelt Rentals has a reliable generator for your job site or facility. We can make sure you have a dependable source of backup power to fully support your preparedness plan or help you meet outage situations.

Can I rent a generator?

Rental generators offer a great backup service for essential occasions and when there's a sudden disruption to electricity. We offer diesel or propane generators that can be rented with equipment and related products. Have any questions? Talk with us directly using LiveChat.

What types of generators are available?

Our generators range in output from the smallest 2,000-watt generator to our heavy-duty 300-kilowatt generator and are packed with features like low emissions, reduced noise levels, trailer-mounted options and more. Our fleet of generators includes manufacturers like Honda, Generac, Multiquip, DeWalt and other trusted brands.
