

Energy Storage System Naming Solicitation Announcement

What is a \$349 million energy storage project?

This \$349 million effort will focus on the demonstration of long- duration energy storage systems¹for lithium and non-lithium-based energy storage technologies in accordance with Section 3201(c) and (d) of the Energy Act 2020 and the Consolidated Appropriations Act,2022.

How much did doe invest in Energy Storage Research & Development?

Between FY17 and FY20,DOE invested over \$1.6 billioninto energy storage research and development (R&D) - mostly focused on EV battery and hydrogen storage - across various technology offices. However,these investments were made based on specific goals and targets made by individual technology offices and not based on a department wide strategy.

How do I apply for the Energy Commission agreement management system (ecams)?

IMPORTANT: For this solicitation, use the new Energy Commission Agreement Management System (ECAMS) portal to submit an application. Applicants must have or create a user account in order to apply for this solicitation. For assistance, view the User Registration Instructions and Applying for a Solicitation.

How many LDEs demonstration projects are eligible for DOE funding?

Under this FOA,DOE envisions selecting up to eleven(11) LDES Demonstration Projects for a combined total of \$349 million in federal funding,subject to the number,quality,and funding needs of applications received. The final DOE funding total will depend on the specific Topic Area and Area of Interest (AOI).

On September 5, 2024, the U.S. Department of Energy's (DOE) Office of Clean Energy Demonstrations (OCED) opened applications for up to \$100 million in federal funding to support pilot-scale energy storage demonstration projects. ...

The CEC awarded Noon Energy \$8.8 million for a 100-kW/10-MWh reversible carbon dioxide-to-carbon storage system that when combined with an existing 7-MW solar photovoltaic field can provide up to ...

Governor Kathy Hochul today announced over \$5 million is now available for long duration energy storage projects through New York State's Renewable Optimization and Energy Storage Innovation Program. This ...

o To apply to this Funding Opportunity Announcement (FOA), applicants must register with and submit application materials through the Office of Clean Energy Demonstrations Funding ...
