

Entry for corporate solar power generation income

Can I get a tax credit for solar energy?

There are two tax credits available for businesses and other entities like nonprofits and local and tribal governments that purchase solar energy systems (see the Homeowner's Guide to the Federal Tax Credit for Solar Photovoltaics for information for individuals):

How much tax credit can a solar PV system receive?

26% in 2021, and 10% for systems commencing construction in 2022 or thereafter. Any PV system placed in service after 2023, regardless of when it commenced construction, can receive a maximum tax credit of 10%.² Typically, a solar PV system that is eligible for the credit must use new and limited previously used equipment.³ Systems must use new and limited previously used equipment.

Can a solar business transfer tax credits?

Tax credits carried backward or forward are not eligible for "transferability" (i.e., cannot be sold). If a business does not have a large tax liability, tax equity financing may allow the business to take full advantage of federal tax benefits for a solar system.

Should a solar developer partner with a tax equity investor?

The business can partner with a tax equity investor that has a relatively large tax appetite and can make use of the tax benefits. While solar developers can now transfer tax credits, a tax equity investor may help them take advantage of accelerated depreciation.

What is the ITC tax credit for solar panels?

Laid out in Section 48 of the U.S. tax code, the ITC for businesses provides an incentive for investing in clean energy -- one of the key incentives is a dollar-for-dollar tax credit based on the cost of your solar panel system. Through the Inflation Reduction Act of 2022, the ITC was set to 30% of the cost of the system, and extended until 2034.

How do I create a solar energy credit?

Under the Facility section select the facility you need to generate the credit for. Use the Add button to add as many Facilities or properties as needed. Complete Part 1 for each Facility or Property. Scroll down to Part VI Solar Energy Credits. Enter the amounts in the applicable field for basis of solar or energy property.
