

Can I convert a fan frequency to 40 Hz?

Alternatively, the frequency can be converted to 40 Hz if the fan is to run slower. For variable speed control, Grundfos E-pumps have a frequency converter built-in, and the Grundfos CUE is an external VFD that works with standard pumps in a range of applications.

How does ps&c solve a 400hz power frequency converter problem?

Utilizing experience in the 400Hz industry and from early main-frames, PS&C offers two technologies to solve this power Frequency Converter problem; Static (Solid State) Frequency Converters and Rotary (Motor-Generator) Frequency Converters.

Do Grundfos e-pumps have a frequency converter?

Grundfos E-pumps have a frequency converter built-in, and the Grundfos CUE is an external VFD that works with standard pumps.
