

Fully automatic generator manufacturer

How does the Generac Guardian 10kW home back-up generator work?

The Generac Guardian 10kW Home Back-Up Generator is connected to your existing LP or natural gas fuel supply. Starting within seconds of sensing power loss, the home generator runs for as long as necessary until utility power returns. Choose from just enough power to cover essential circuits or whole house coverage when using this home generator.

How does a whole-house generator work?

A whole-house generator, or standby generator, functions by providing automatic backup power to an entire home during power outages. It's integrated into your home's electrical system and usually runs on natural gas or propane. When the generator detects a power disruption, it activates automatically.

Is Generac a good whole house generator?

Customers say the Generac 22kW whole house generator offers exceptional reliability and peace of mind during power outages. Users appreciate its automatic start feature, seamless transfer of power, and quiet operation during tests. The Wi-Fi monitoring capability is a standout feature, although some customers noted challenges with connectivity.

Where are Generac generators made?

Generac generators and engines are engineered and assembled in the USA*. Generac's G-Force Engine is a purpose-built, pressure-lubricated engine capable of handling the rigors of generator use, resulting in power that's more reliable and requires less routine maintenance than any competitive engine.

Why should you buy a Generac 22kW whole house generator?

Customers say the Generac 22kW whole house generator provides exceptional peace of mind, especially during frequent power outages. Users appreciate its automatic transfer switch, seamless operation, and quiet performance during tests.

Where can I get a Generac generator serviced?

We know outages don't only happen 9a-5p. That's why you can always reach someone at Generac, or your local authorized dealer. Your Generac generator will be installed, serviced and supported by one of 10,000 Authorized Generac Dealers local to your area.
