

GCL photovoltaic tracking bracket manufacturer

Who is GCL system integration technology?

GCL System Integration Technology strives to be the world's leading integrator of comprehensive energy systems.

Who is GCL Technology Holdings Limited?

GCL Technology Holdings Limited is a global pioneer in the research, development and manufacturing of high-efficiency photovoltaic materials.

What does GCL do?

GCL targets at making PV-generated electricity affordable and inclusive for the public by its constant technology innovations in polysilicon, silicon wafers, cells, modules, system integration and photovoltaic power plants, continuous improvement of its management, regional layout and green energy certification systems.

Who is Soltec Power Holdings?

Soltec Power Holdings specialized in integrated solar photovoltaic solutions, whose business is focused on solar tracking systems with a strong commitment to innovation.

What does GCL Tech do?

It steers the wheel of high-efficiency photovoltaic materials technology and is a main technology driver as well as a leading supplier of polysilicon, granular silicon, silicon wafers and other photovoltaic products. GCL TECH adheres to staying market-oriented and staying specialized with strong R&D investments.

What makes GCL unique?

GCL has formed by far the most integrated PV industry chains with the most intellectual property rights in the world.

Obviously, dual-axis tracker systems show the best results. In [2], solar resources were analysed for all types of tracking systems at 39 sites in the northern hemisphere covering ...
