

Who is Guoxuan high-tech?

As a key player among China's cadre of EV battery makers leading electrification efforts worldwide, Guoxuan High-Tech (Gotion High-Tech) kicked off 2024 with an agreement to cooperate with Chery Automobile in exploring innovation in passenger cars and commercial vehicles, as well as opportunities in the new energy vehicle market.

Who owns Guoxuan battery?

Company Chairman Zhen Li drew inspiration from his 2005 visit to the University of Science and Technology of China and built a team to pursue battery research. Guoxuan launched its high-capacity lithium iron phosphate (LFP) battery in 2007. In 2021, Volkswagen became the largest shareholder of Gotion High-Tech.

What can NTU do with Guoxuan?

NTU President Professor Subra Suresh said, "NTU's collaboration with Guoxuan will push the boundaries and performance of batteries, energy storage and green transportation technologies, which are at the core of electric vehicles and renewable energy deployment.

Who are NTU Singapore & Guoxuan?

Nanyang Technological University, Singapore (NTU Singapore) and Guoxuan High-Tech Co., Ltd. (Guoxuan), one of China's leading battery manufacturers, are collaborating to develop innovative energy storage technologies for electric vehicles.

How good is Guoxuan Hi-Tech's Performance?

Recently, public new energy battery companies have disclosed their performance metrics. Notably, Guoxuan Hi-Tech's 2022 annual report and first-quarter report reveal impressive growth. The company's revenue for 2022 exceeded 23.052 billion yuan (\$3.22 billion), marking a 122.59% year-on-year increase.

What makes Guoxuan a good R&D company?

As an R&D intensive enterprise, Guoxuan has a strong core knowledge of research, development and manufacturing of lithium-ion and other types of batteries. The joint laboratory complements Guoxuan's existing R&D institutes located in Hefei and Shanghai in China, Silicon Valley and Cleveland in the United States, and Tsukuba in Japan.

(Yicai Global) Oct. 22 -- Guoxuan High-Tech Power Energy shot up by the exchange-imposed limit today on plans to nearly quadruple its lithium power battery production capacity to 100 ...

Short story of Guoxuan Hi-Tech: A case study in China's battery supply chain. By. Staff Writer. Published. May 17, 2023. Amid the surge of the new energy wave, China has emerged as a critical juncture for the entire

Guoxuan High-tech Energy Storage Centralized Box

...

The group's VinFast is a leading new energy vehicle manufacturer in the world, and its products are sold to Southeast Asian markets, Europe and the United States. The factory is jointly ...

High voltage lithium iron phosphate energy storage cabinet picture: Lithium Battery Storage System System Features: 1. Use domestic first-line brand lithium batteries, such as Ningde ...

Nanyang Technological University, Singapore (NTU Singapore) and Guoxuan High-Tech Co., Ltd. (Guoxuan), one of China's leading battery manufacturers, are collaborating to develop innovative energy storage ...

On June 24, 2022, Guoxuan Hi-Tech (USA) Co., Ltd. and Jujuy National Energy Mining Company signed a cooperation agreement in Argentina. The two parties decided to establish a joint ...

As a key player among China's cadre of EV battery makers leading electrification efforts worldwide, Guoxuan High-Tech (Gotion High-Tech) kicked off 2024 with an agreement to cooperate with Chery Automobile in ...

Amid the surge of the new energy wave, China has emerged as a critical juncture for the entire industrial chain. At the industry's core, power batteries in China account for over 60% of the global market share, birthing ...
