

# How to buy photovoltaic panel transportation insurance

Are solar panels covered under a homeowner's policy?

This means that as long as you own your solar panels and they are rooftop-mounted (additional policies may be required for ground-mounted systems), the system will be included under a homeowner's policy and covered in standard plans without raising your premium.

Does homeowners insurance cover rooftop solar energy?

Most rooftop solar energy systems are covered by standard homeowners policies, which doesn't change your insurance plan. However, you may need to increase the amount of coverage on your home to account for the cost of the system which can then raise your premium. Of course, not every policy or solar energy system is the same.

Does a solar installation warranty cover a natural disaster?

However, most warranties do not cover what is called "Acts of God," which include natural disasters like fires, hurricanes, and the like. Your installer warranty will cover any damage that occurs to your home or solar panels during the installation process.
