

How to install the camera and photovoltaic panel

How do I connect my solar panel to my battery Cam?

Securely insert the microUSB cable from the solar panel into the sleeve of the power adapter. For Wyze Cam Outdoor, use the standard adapter that is included with the solar panel. For Wyze Battery Cam Pro, you will need Wyze Solar Panel USB-C Adapter Cable (sold separately).

How do I adjust the solar panel & camera?

When you have the unit mounted in an optimal location, the solar panel and camera can be adjusted at different angles and rotated as needed. In the Blink app you will see External Power as "OK" for the status in the Outdoor (3rd Gen) camera's settings, once the batteries in the Solar Panel Mount have a charge.

How do you attach a solar panel to a camera?

Screw the universal joint into the back of Wyze Solar Panel, then tighten it firmly with the hexalobular socket nut. On the back of the solar panel, you'll find a winding board for excess cable. Estimate how much cable you'll need to attach the solar panel to your camera, and coil the rest behind the board.

How do I install and Configure my Blink solar panel mount?

The following easy steps explain how to install and configure your Blink Solar Panel Mount. You must first have a fully functional Blink Outdoor (3rd Gen) camera set up in your Blink account, before attaching the camera to the mount. In addition, the lithium batteries must remain in your outdoor camera before connecting it to the solar panel mount.

How do you connect a solar panel to a wall mount?

Connect the solar panel to the wall mount base by screwing the locking screw cap until it is secure. Securely insert the microUSB cable from the solar panel into the sleeve of the power adapter. For Wyze Cam Outdoor, use the standard adapter that is included with the solar panel.

How do I connect my Wyze camera to my solar panel?

For Wyze Cam Outdoor, use the standard adapter that is included with the solar panel. For Wyze Battery Cam Pro, you will need Wyze Solar Panel USB-C Adapter Cable (sold separately). Remove the silicone cover from the charging port on your camera and insert the power adapter until secure.
