

How to package photovoltaic solar panels beautifully

Do solar panels need packaging?

There are PV manufacturers that reduce their costs to a minimum when it comes to the packaging. There are known cases of pallets of solar panels that were simply covered in plastic. There are better and safer ways to transport your panels. For more details read our feature article on solar panel packaging.

How do I choose the best solar panel packaging?

Consider the following factors when choosing solar panel packaging: Durability: Opt for packaging materials that are strong, sturdy, and capable of withstanding external forces. Reinforced cardboard or corrugated boxes are commonly used for solar panel packaging due to their durability and resistance to compression.

What is solar panel packaging?

A typical solar panel packaging consists of a cardboard box with the footprint of a pallet and houses between 26 to 36 panels in the box. A good solar panel packaging design makes it easier to transport solar panels on a pallet, and provide excellent protection to the panels during transport.

How to pack solar panels for transport?

When you're preparing solar panels for transport, it's time to bring out your inner packaging expert. Solar panels should be enclosed with protective materials like bubble wrap, accompanied by cardboard or wooden boards on either side to offer additional security and to maintain flatness.

How are solar panels packaged?

Solar panels are typically packaged in durable, protective materials such as reinforced cardboard or corrugated boxes. They are often secured with cushioning, such as foam inserts or bubble wrap, to absorb shocks and vibrations during transportation.

Do solar panels need to be packed safely?

Correct and safe solar panel packing is an important, yet mostly neglected aspect of the post-solar panel production process. After the solar panels have been produced, being an overwhelmingly export-heavy product, they need to be packed safely, as the transport on the road, sea and air can be rough.
