

# How to unlock the photovoltaic panel insurance cover

Does homeowners insurance cover solar panels?

Check your homeowners insurance policy for any exclusions or limitations related to solar panels. If you're unsure about the coverage, contact your insurance agent or company to clarify the specific coverage for your solar panel system. Sometimes, relying solely on homeowners insurance may not provide sufficient coverage.

How can I insure my solar panel system?

To insure your solar panel system, you can add endorsements or riders to your existing homeowners insurance policy. Endorsements modify the policy terms to specifically include coverage for your solar panel system.

Do you need solar insurance before installing solar panels?

Installing solar panels is one of the easiest ways to start saving some serious cash on your electricity bills. But, before installing them, it is essential to find out how solar insurance works. After all, you want to be sure that both your home and your solar panel system are properly covered before the solar panels are drilled onto your roof!

Does homeowners insurance cover rooftop solar energy?

Most rooftop solar energy systems are covered by standard homeowners policies, which doesn't change your insurance plan. However, you may need to increase the amount of coverage on your home to account for the cost of the system which can then raise your premium. Of course, not every policy or solar energy system is the same.

What does a solar installer warranty cover?

Your installer warranty will cover any damage that occurs to your home or solar panels during the installation process. The list of perils your insurance provider covers varies from company to company, so make sure to check what is covered under your specific plan.

Does a solar installation warranty cover a natural disaster?

However, most warranties do not cover what is called "Acts of God," which include natural disasters like fires, hurricanes, and the like. Your installer warranty will cover any damage that occurs to your home or solar panels during the installation process.
