What is a Longi 450W bifacial solar panel?

Request a Call Back The Longi 450W Bifacial Solar Panel |LR7-54HGBB-450M is a 54-cell bifacial solar panel offering excellent performance with up to 22% peak efficiency. Ideal for ground mount applications, Longi solar panels also feature lower resistive loss with lower operating current, higher energy yields and lower operating temperature.

What is a Longi 450W 72 cell solar panel?

Longi 450W 72 CELL Solar Panels come with aesthetically pleasing black frames that offer UV protection and protection from the elements. Another positive attribute of this type of solar panel is its efficient power production at lower tilt angles vs. standard panels.

What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects. The Hi-MO 4 series uses gallium-doped silicon cells which improves the solar panels resistance to LID.

What is Longi high-efficiency solar module?

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the export and installation of monocrystalline silicon solar photovoltaic module.

Does Longi produce PERC solar panels?

LONGi only produces monocrystalline PERC solar panels as they have been focused on producing single crystal (mono) silicon wafers since the early 2000s. Generally their panels have higher efficiency due to leading cell technology than their competition at a similar price range.

What is Longi LR4-72hph 450W?

LONGi LR4-72HPH 450w is a model that uses a number of technologies to bring durability and performance to the next level. This module takes full advantage of half-cut cell technology for lower resistive losses and better shade tolerance. At the same time, a reflective layer on the back allows the panels to capture up to 12% more energy.
