

Longi dust-proof photovoltaic panel manufacturer

What is Longi high-efficiency solar module?

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the export and installation of monocrystalline silicon solar photovoltaic module.

What will Longi do for the photovoltaic industry?

BC technology is set to be a pivotal milestone in the evolution of the photovoltaic industry, and LONGi's uptake of this technology will mirror our pivotal role in the industry's shift from polycrystalline to monocrystalline technology through our development of RCZ technology and diamond wire cutting.

Does Longi have an anti-dust module?

Longi is not the only company in the Australian market with an anti-dust module based on a lowered frame design. DAH Solar has been supplying its Full Screen module in the country since October 2023 through wholesaler Austra Energy. The DAH Full Screen module has all edges of its frame lowered to prevent the accumulation of dust and water.

How much power does a Longi Guardian module produce?

The module uses back contact (BC) technology, which Longi fully transitioned its Australian ranges to in 2023. BC technology has advantages for panel efficiencies, as it reduces shading losses. The Guardian module's maximum power output is 590 W. It is big and particularly long, measuring 2,281 mm x 1,134 mm, and weighing in at 27.2 kg.

Where are Longi products made?

Once again. LONGi has laid out several manufacturing bases in China, Vietnam, Malaysia and other countries and regions, and branches in the United States, Japan, India, Australia, Thailand, the United Arab Emirates and other countries, with businesses in more than 150 countries and regions.

Is Longi a sustainable company?

LONGi has embedded sustainability across our company, products and operational practices. LONGi's own greenhouse gas emissions reduction targets and those of our partners have been validated by SBTi [Science Based Targets initiative], making us the first Chinese PV manufacturer to secure such validation.

As a major photovoltaic manufacturer, LONGi strives to improve the efficiency of electricity to facilitate the energy transition of China, while exploring its own green low-carbon ...

LONGi Solar was founded in February 2000 as Xi'an LONGi Silicon Materials Corporation. The company's initial focus was on the development and production of single crystal (mono) silicon wafers that are used in

Longi dust-proof photovoltaic panel manufacturer

many of major solar ...

Chinese solar manufacturer Longi has launched a new "anti-dust" module. The feature rests on its design where the frame sit flush with the glass on the short side, allowing water to wash off unimpeded.

Enjoy advanced solar panel efficiency and durability with these innovative solar solutions. Products Solutions Sustainability Service Center ... Hi-MO X6 Max Guardian Anti-Dust Engineered with LONGi's back contact HPBC and TaiRay ...

Chinese solar manufacturer Longi has developed a new "anti-dust" module for the commercial and industrial (C& I) market in Australia. ... Australian market, with a power output of 440 W. One of the Ultra Black ...

Chinese solar manufacturer Longi has developed a new "anti-dust" module for the commercial and industrial (C& I) market in Australia. The frame sits flush against the glass on the short side...

LONGi Solar Technology Co., Ltd. Solar Panel Series Hi-MO X6 Explorer LR5-72HTH 565-585M HPBC Cell. Detailed profile including pictures, certification details and manufacturer PDF ...

High efficiency modules supplied by LONGi have been applied widely across the globe from grassland on high lands, deserts, water ponds to households. The solar modules benefit customers and local economies with high value ...

Licking County's newest manufacturer seeks to help meet the country's growing demand for green energy solutions while bringing 1,000 jobs to central Ohio. The first solar ...

Longi, the Chinese solar manufacturer that forefronts solar technology, recently unveiled the new "anti-dust" modules that are applicable for the commercial and industrial (C& I) market. The most expected Hi-MO X6 ...

Longi dust-proof photovoltaic panel manufacturer
