Are "free" solar panels a scam?

However, it's important to note that "free" solar panels are not always a scam, but they do require careful consideration. These "free" solar panels are typically offered through solar panel leases or power purchase agreements (PPAs), which allow individuals to install solar panels without the high expense.

Are "free" solar panels a good idea?

The concept of "free" or "no-cost" solar panels really is too good to be true. "Free" solar panels are essentially rented from solar companies. While you will reap the benefits of cheaper electricity bills through solar power, you do not own the panels; the solar company does. Once your lease agreement is up, the panels will be removed.

Can a PV system be installed on a village house?

PV system installed on roof of village houses Photovoltaic (PV) systems installed on roofs or roofs of stairhoods of village houses must comply with the specified requirements for green and amenity facilities and must be properly installed and not adversely affect the structural safety of the buildings.
