

Microgrid Engineer

Shree Pandey is a Microgrid Engineer at the University of St. Thomas Center for Microgrid Research. He joined St. Thomas in January 2022 and oversees the day-to-day operation of ...

SEL Engineering Services engineers are experts at microgrid design, specializing in power system dynamics, hardware-in-the-loop (HIL) modeling, controls, and protection. Whatever the situation or the scale, we can create a microgrid ...

Microgrids are about power system reliability and getting the most out of on-site generation. A microgrid contains all the components of the "macro-grid" - generation, distribution lines, load balancing, protection, and economic ...
