

Midea photovoltaic panel manufacturer

What is a solar photovoltaic manufacturing map?

The U.S. Solar Photovoltaic Manufacturing Map shows only active manufacturing sites that contribute to the solar photovoltaic supply chain. It details their nameplate capacities, or the full amount of potential output at an existing facility, where known. This does not imply that these facilities produced the amount listed.

Who is Guangdong Midea Electric?

The Guangdong Midea Electric's parent company, known today as "Midea Group", remained a privately held company at that time. Midea opened its first overseas production facilities in 2007, in the Vietnam Industrial Park outside of Ho Chi Minh City.
