

# Mini solar power charging

What is a portable solar charger?

The main use for a portable solar charger is to power your device when you're away from power outlets. We took this into account when we chose to weight direct solar charging speed the heaviest in our testing metrics. It's also no surprise that some of our highest-scoring panels in this metric were chargers with the largest capacity.

Can You charge a solar panel directly?

Angling your solar panel to face the sun directly can substantially increase its power output. What Can You Charge with a Portable Solar Device? What Can Portable Solar Devices Charge? The answer all comes down to wattage. Portable solar devices range widely in the amount of power they can produce, which is largely a function of panel size.

What is a solar battery charger?

When you're shopping, the terminology can be confusing. By "solar battery chargers," we mean lightweight, lower-wattage devices that can directly charge personal electronics while on the go, typically via USB port. "Portable solar panels" are their larger, heavier, and higher-power siblings.

How many amps can a solar charger charge?

It has two USB-A outputs that can each put out up to three amps, which is enough power to charge any USB device. Roughly the size of a notebook, this solar charger unfolds into three panels and has a zippered case that can easily hold two charging cables, a battery pack, and more.

How much does a solar charger cost?

Batteries have gotten smaller yet more powerful. Solar panels have become way more commonplace both at home and along the dusty trail. Specifically for this buyer's guide, we conducted online research and identified over a dozen portable solar chargers ranging in price from \$30 to \$649.

Which solar charger is best?

The SolarPowa 28 balances solar charging efficiency and size better than every panel we tested. When you're outside in the sun, having a panel that charges quickly is key. The X-Dragon 20W comes at the lowest price with the most watts of any solar charger we tested.
