

Mobile phone holder Apple magnetic solar energy

What is a car phone holder?

This portable car phone holder mount is built with the power of MagSafe to securely keep your iPhone 15, iPhone 14, iPhone 13, or iPhone 12 series phone within view. Like all Belkin MagSafe accessories, this car phone holder is thoughtfully designed, and built to last.

Can you slap magnetic accessories to the back of an iPhone?

Now, it's similarly satisfying to slap magnetic accessories to the back of an iPhone. It just clicks into place! No wires, screws, or clamps to deal with. It's wonderful. MagSafe is the name of Apple's accessory system that's integrated into the iPhone 12, iPhone 13, iPhone 14, and iPhone 15 range.

Which iPhone models support MagSafe?

Every iPhone model that has been introduced since October 2020 -- which includes the iPhone 12, iPhone 13, iPhone 14 and iPhone 15 lines -- supports MagSafe; this allows the iPhone to magnetically stick to compatible holders, both for cars and other places.

Does the iPhone have a MagSafe charger?

Unlike the original MagSafe charger for Apple's MacBook line, which relied on a proprietary cable, a variety of official and third-party accessories have sprung up supporting the iPhone's MagSafe, because it relies on simple magnets that attach directly to the phone.

What is a magnetic phone mount?

The magnetic phone mount firmly holds your phone so you can deal with two screens at the same time while having a meeting, gaming, or live streaming. **How To Use It with Non-magsafe Phones?** For non-magsafe smartphones, we have enclosed a metal ring in the package.

What is a ring of magnets on the back of an iPhone?

A ring of magnets on the back of the phone (and in MagSafe-enabled cases) lets you attach various magnetic accessories, like a battery pack that recharges the iPhone wirelessly so you don't need to hold it or carry a cable.
