

New LONGi photovoltaic panels

Are LONGi Solar panels a good choice?

LONGi produces a wide variety of quality, cost-effective solar panels for residential, commercial and utility-scale solar installations. The current models are the Hi-MO 4 and Hi-MO 5 series, with the new advanced Hi-MO 6 panels due to be released in early 2023.

Is Longi launching a new solar module for rooftop applications?

Image: Longi Chinese PV module maker Longi has announced it will showcase a new solar module for rooftop applications at the Solar Solutions International event which is currently taking place in Amsterdam, in the Netherlands. The Hi-RO Onyx panel is based on monocrystalline half-cut cells and has a power conversion efficiency of 22.2%.

What are the different types of LONGi Solar panels?

The current models are the Hi-MO 4 and Hi-MO 5 series, with the new advanced Hi-MO 6 panels due to be released in early 2023. LONGi's Hi-MO 5m panels are designed for residential rooftop solar systems while the larger format Hi-MO 5 panels are for commercial and utility-scale installations.

How efficient is a photovoltaic cell?

According to authoritative certification by the European Solar Test Installation (ESTI), one of the world's leading photovoltaic (PV) calibration laboratories, this cell's photovoltaic conversion efficiency has reached 34.6%.

Are TaiRay panels 1% more effective?

The manufacturer claims the new panels are 1% more effective than their predecessors, using 182mm n-type TaiRay wafers, a breakthrough in silicon technology. These wafers improve resistance consistency, reduce metal impurities, and offer greater mechanical strength.

Kuala Lumpur, October 17, 2023 - The world-leading solar technology company, LONGi Green Energy Technology Co., Ltd. (hereafter "LONGi"), has officially launched the first phase of its ...

Photovoltaic panels 585W - Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT The Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT photovoltaic panel is a high-performance solar panel that offers exceptional efficiency, ...

It is a new generation of high-efficiency cell technology featuring no grid lines on the front side of the cell. This technology enhances the cell's light absorption and photovoltaic conversion capabilities through adjustments to the internal ...

Madrid, Spain, May 7th, 2024 - LONGi Green Energy Technology Co. today announces that the company has

New LONGi photovoltaic panels

broken another world-record for silicon solar cell efficiency only 4 months after it ...

Munich (Germany) 19 th June --The world-leading solar technology company, LONGi Solar Technology (U.S.) Inc. (hereafter as "LONGi"), officially announced the new world record ...

The Longi Hi-Mo X6 panels available in Australia fall by 0.29%. This means their heat tolerance, while not bade, isn't exceptional by today's standards. Power Tolerance . Longi Hi-Mo X6 panels have positive power tolerance, which ...

The World's Leading Supplier of Solar PV Panels. Our solar modules help accelerate the clean energy transition, making the world healthier and more sustainable. ... LONGi Sets New World ...

While mainstream PV modules that use 2-mm of heat-strengthened glass on the front are likely to fail from a strike from a hailstone that is more than 25-mm to 35-mm in diameter, our new module, which ...

LONGi was the only Solar Panel manufacturer to be named AAA-rated by the PV ModuleTech Bankability Ratings in the Q3 2020 rankings. As the largest product of solar panels in the world, LONGi was ranked 724th ...

Discover LONGi Co., Ltd.'s advanced solar photovoltaic panels, expertly manufactured for optimal performance. Explore our comprehensive solutions in solar panel technology. Canadian Solar. ...

October 23rd, 2024 - LONGi Green Energy Technology (Hereinafter referred to as LONGi) officially announced a new world record for crystalline silicon module efficiency. According to ...

Photovoltaic panels 375W - Longi Hi-MO 4m LR4-60HPB 355-375M The Longi Hi-MO 4m LR4-60HPB 355-375M is a photovoltaic panel with a power output of 375W. It belongs to the Hi-MO 4m series, which has many advantages, ...

LONGi awarded the ISO 20400 Sustainable Procurement by SGS. Xi'an, China, 21th Agust,2024 -- The world-leading solar technology company, LONGi Green Energy Technology Co., Ltd. (hereafter as "LONGi"), is pleased to announce ...
