

Its main business includes various photovoltaic fixed ground mounting structure, distributed mounting structure, tracking photovoltaic mounting structure, building mounting structure, and distributed power station development, etc. It is one of ...

Solar photovoltaic bracket is a special bracket designed for placing, installing and fixing solar panels in solar photovoltaic power generation systems. The general materials are aluminum ...

In view of the existing solar panel blackout, affecting the ecological environment, unreasonable spatial distribution, low power generation efficiency, high failure rate, difficult to operate and ...

Under three typical working conditions, the maximum stress of the PV bracket was 103.93 MPa, and the safety factor was 2.98, which met the strength requirements; the hinge joint of 2 rows ...

Single Axis Tracking Bracket Solar Energy Power System ... than 200 sets of professional equipments,all-round realize automatic production,and fully implement the ISO9001 quality ...

The annual production capacity of AKCOME solar mounting system is 4G, which is in the forefront of China's PV mounting bracket industry. AKCOME has always paid attention to product quality management, and performs strict quality ...
