What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

Who makes high-efficiency solar panels?

Sunpower, now known as Maxeon Solar, is the world leader in manufacturing high-efficiency solar panels using a highly robust patented cell design, which has proven to outperform and outlast conventional solar panels by a considerable amount of time.

Who makes the highest-power residential solar panels?

As the maker of the highest-power residential solar panels among reviewed manufacturers, Canadian Solar is more than just another panel maker. One of the company's many solar panel models can generate up to 705 watts of power. That same panel, the TOPBiHiKu7, also features a high-efficiency rating of 22.7% with a low Pmax rating of just -0.29%.

Are American-made solar panels any good?

It's worth pointing out that none of the American-made solar panels have cracked the very top tier of our performance rankings (those honors belong to Maxeon, REC, and Panasonic, each of which builds their panels in other countries). But U.S.-made panels such as Qcells and Canadian Solar, are ranked close behind.

How do I choose the best solar panels?

You'll also want to choose panels from a company that backs its panels (and ideally your entire system) with a strong warranty. We reviewed hundreds of solar panel models and found that five brands stand out: SunPower, REC, Panasonic, Maxeon, and Jinko Solar. SunPower, REC, Panasonic, Maxeon, and Jinko Solar offer the best solar panels.
