

Photovoltaic panel pallet wholesale market

Why should you buy bulk solar panels by the pallet?

Unlock incredible savings with our bulk solar panels by the pallet. Whether you're a solar installer, a commercial developer, or an avid DIY enthusiast, our pallet deals offer unbeatable value and convenience. With a large quantity of high-quality solar panels at your disposal, you can tackle projects of any scale with ease.

Where to buy wholesale solar panels?

If you are looking for a place to buy wholesale solar panels, you've found it. A1SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need.

What sizes does pvpallet offer?

Watch the Full Product Demo. PVpallet's solar panel pallet is available in two sizes. Series X is designed for solar modules between 63.5" and 83.5" in length. Series XL is designed for larger 90" modules. Custom sizing is available upon request.

What services does PVpallet offer?

PVpallet offers turnkey logistics, tracking, cleaning, and refurbishment services. These ensure that your reusable packaging fleet is traceable and in top condition, ready for deployment. PVpallet assists in driving efficiencies and process improvement at the branch and warehouse level, while significantly reducing waste and damage.

Are REC Solar panels a good brand?

Norwegian brand REC is known primarily for its premium-class residential PV modules. However, it doesn't limit itself to this: the product line is wide enough that you can use wholesale REC solar panels for building a strong commercial system, small or large. REC products are known for high quality, great warranties and innovations.

Does pvpallet perform load capacity testing?

****As all products can have unique loading patterns and shifting characteristics, PVpallet recommends that customers perform their own load capacity testing. PVpallet's standard is to target and test to the maximum weight limits as shown in the specifications. PVpallet does not warrant that all loads will perform the same as lab testing.**
