

Photovoltaic panel purchase tax

Do solar panels qualify for tax credit?

After installing solar panels, you can claim the tax credit on the IRS filing that corresponds to the year you installed your system. For example, a solar installation completed in June 2024 would generate a federal tax credit that the owner could claim in April 2025. Who Qualifies for the Federal Solar Tax Credit?

Are solar panels tax deductible?

Under most circumstances, subsidies provided by your utility to you to install a solar PV system are excluded from income taxes through an exemption in federal law. When this is the case, the utility rebate for installing solar is subtracted from your system costs before you calculate your tax credit.

Can I claim a solar tax credit if I sign a PPA?

You cannot claim the credit if you are leasing or in an agreement to purchase electricity generated by the system, including a solar power purchase agreement (PPA). If you sign a solar lease or PPA, the system owner can claim and keep the federal tax credit and any local incentives.
