

Photovoltaic panel repair subsidy application process

Can I claim a tax credit for an off-site solar project?

Notes: the IRS issued a statement (see link above) allowing a particular taxpayer to claim a tax credit for purchasing an interest in an off-site community solar project. However, this document, known as a private letter ruling or PLR, may not be relied on as precedent by other taxpayers.

Can a business claim the ITC for a solar system?

Though the ITC can be claimed in full for the year in which the solar system is placed in service, the business claiming the ITC must retain ownership of the system until the sixth year of the system's operation, or the business will be required to repay a portion of the tax credit.

Does Massachusetts have a solar photovoltaic program?

As Massachusetts has a strong existing solar photovoltaic industry, the initiatives offered under the SFA Program are designed to leverage federal funding and existing Massachusetts programs, such as the Solar Massachusetts Renewable Target program and Mass Save.

Will Washington expand solar access to income-qualified residents?

Washington will launch several programs that will expand solar access to income-qualified residents and frontline communities throughout the state. These programs will complement existing programs and policy to support distributed solar in the state.
