

Photovoltaic support auxiliary materials procurement contract

Will EPC contracts provide for the handover of a solar facility?

EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed.

Do solar projects need an EPC contract?

In our experience, most utility-scale solar projects use an EPC Contract. An operation and maintenance agreement: This is usually a medium- to long-term Operating and Maintenance Agreement (O&M Agreement) with an Operator. The term of the O&M Agreement will vary from project to project.

What are standardised solar contracts?

Standardised contracts include: Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet. These are complemented by the Implementation Guidelines. Open Solar Contracts review phase is now over.

What are open solar contracts & user guidelines?

The Open Solar Contracts (hereinafter "the Contracts") and the User Guidelines (hereinafter "the Guidelines") are provided for general guidance only and are provided without representation or warranty of any kind, either express or implied, including without limitation warranties of fitness for any particular purpose and non-infringement.

What equipment is included in a solar module contract?

Solar module pallet IDs. Actual serial numbers for partial pallets only. DAS monitoring equipment which includes meters, weather station, CTs, cell modem, data logger, Ethernet switch, power supplies, if listed in BOM. Pursuant to Section 13, the Contract Sum; which includes any and all applicable state, local, or other taxes; is below.

How are open solar contracts drafted?

The Open Solar Contracts are drafted on the assumption that the buyer is a national or local government-owned or government-controlled utility (but this also can be extended to private buyers authorised by the government). Furthermore, the offtake is assumed to be guaranteed in some form.
