To pay electricity, link your utilities account to the payment platform, then specify the amount of money you want to recharge. To complete the transaction, enter your six-digit Alipay or WeChat Wallet payment PIN.

Who owns WeChat Pay & AliPay?

By Cameron Caldwell (University of Glasgow) and Jennifer Liu (McGill University) Two of China's 'Big Tech' players, Tencent and Alibaba, owners of WeChat Pay and AliPay respectively, have revolutionised the payment industry in China with the introduction of an alternative payment ecosystem.

Will alternative payment platforms challenge WeChat Pay & AliPay?

Rising alternative ways to pay including the digital currency and small online payments platforms will challenge the dominance of WeChat Pay and Alipay. Both platforms need to consider potential costs associated with government interruptions and concerns about user privacy.

Are WeChat Pay and Alipay the same in China?

Albeit, both AliPay and WeChat Pay are widely and relatively, equally accepted in China so consumers have no incentive to deviate to only one payment provider for now. Before the introduction of WeChat, QQ was the most popular social messaging app among Chinese users.

Are payrolls being met through AliPay & WeChat Pay?

There is little data or reports that payrolls are being met through Alipay and WeChat Pay, at least not in the formal economy. Whether this is happening in the informal economy, is more difficult to research. The lack of payment processing adoption may be due to government or private record keeping systems, tax policy, or habit.

WeChat Pay is focusing on integrating more deeply with the WeChat ecosystem and exploring new markets. To Sum it Up. Alipay and WeChat Pay each offer unique advantages, catering to different user needs. ...
