

Purchase old and damaged photovoltaic panels

Should you buy used or refurbished solar panels?

When you consider buying used solar panels, there are used or refurbished options. Used ones have had previous owners, which could be a homeowner or business. Then refurbished solar panels have good condition by a fix-up crew or the original maker.

Do refurbished solar panels come with a warranty?

Refurbished: Some refurbished solar panels come with a refurbished warranty. These warranties have shorter coverage periods than new solar panels. Refurbished solar panel warranties range from three months to nine years. Some refurbished panels don't come with a warranty at all.

What are refurbished solar panels?

Refurbished solar panels are used solar panels that have been restored to an acceptable condition or standard by a refurbishing company or the manufacturer. Below, we've highlighted the main differences between used and refurbished solar panels to better aid you in making the right choice for your home and budget.
