

Query the production date of JA Solar panels

Where is JA Solar based?

PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The new facility will produce high-performance photovoltaic (PV) products, and is expected to be operational by Q4 2023, creating over 600 new jobs.

Will JA Solar manufacture solar panels in Phoenix?

"We are grateful JA Solar will manufacture its high-efficiency solar panels in Phoenix, enhancing Arizona's renewable energy industry." Once operational, JA Solar's Phoenix facility will be the largest manufacturing site of solar/PV products in Arizona with a capacity of 2 gigawatts.

How did JA Solar perform in 2022?

Revenue grew 43.5% from the first half of 2022, while net profit attributable to shareholders increased 182%. Total assets reached 87.9 billion CNY, with net assets attributable to shareholders of the listed company reaching 32.5 billion CNY. The performance achieved JA Solar's long-term goals, realizing stable growth and sustained profitability.

Is JA Solar a profitable company?

With a weighted average ROA of 22.52%, its profitability remains industry-leading. As of Q1 2024, JA Solar has achieved a cumulative shipment of 201GW, and its production capacities across silicon wafers, cells, and modules are set to surpass 100GW each in 2024.

How did JA Solar perform in the first half of the year?

The performance achieved JA Solar's long-term goals, realizing stable growth and sustained profitability. The strong performance was due to the strength of the company's global service network and highly recognized brand. In the first half of the year, JA Solar implemented a number of operational improvements that drove its success.

What if a model is returned to JA Solar?

If the MODULES will be returned to JA Solar for inspection, repair or replacement by JA Solar, JA Solar shall provide the Customer with a Return Merchandise Authorization (RMA). However, JA Solar will not accept a return of any MODULES without such RMA.

JA Solar is a leading manufacturer known for its high-quality solar panels, and the JA Solar 550W Solar Panel JAM72S30-550/MR is a standout product in their lineup. In this article, we will delve into the features, benefits, and applications ...

Query the production date of JA Solar panels

JA Solar was founded back in 2005 with the goal of providing high-performance photovoltaic products and, with currently 12 manufacturing bases and more than 20 branches around the world, produces the highest quality silicon wafers, ...

High Efficiency: JA Solar Panels are known for their high conversion efficiency, which can convert more sunlight into usable electricity. This results in improved energy production and increased overall system ...

Another high-power solar panel will be hitting the residential PV market - JA Solar's 415-watt DeepBlue 3.0 Light. ... The DeepBlue 3.0 series was originally launched by JA Solar back in ...

Power - Measured in watts (W), power refers to a solar panel's peak energy production in standard test conditions. A 300W panel would produce 1,500 watt-hours (1.5kWh) of electricity in five hours. In 2024, the best ...

PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The new facility will ...

Now you can just read the solar panel daily kWh production off this chart. Here are some examples of individual solar panels: A 300-watt solar panel will produce anywhere from 0.90 to ...

JA Solar (Hebei) Located in Hebei Province, JA Solar has been a prominent player in the solar industry since its inception in 2005. ... Date: June 11-13, 2025 ... One of our customer want to ...

JA Manufactures multiple high performance solar modules which are utilized in PV systems for different sectors. Being on top for their durability and reliability, JA Solar Panels in Pakistan ...

Tony Zhu, vice president at JA Solar, discusses PV manufacturing in the current market situation, and the need to focus on quality all along the supply chain, to ensure better ...
