

Ranking of Australian energy storage system integrators

What is the relationship between system integrator market and energy storage industry?

Because of the strong correlation between the system integrator market and the wider energy storage industry, this research touches on broader energy storage topics, such as policy effects, market growth and supply chain.

Which energy storage integrator is the best?

Fluence has a track record of being the integrator of choice for ground-breaking energy storage projects. Last month, it was revealed that the US-headquartered integrator had been selected by Tilt Renewables to deliver the 100 MW /200 MWh Latrobe Valley battery energy storage system (BESS) located south of Morwell in Victoria.

How are energy storage companies rated?

These companies are rated on 12 criteria: vision; go-to-market strategy; partners; production strategy; technology; geographic reach; sales, marketing, and distribution; product performance; product quality and reliability; product portfolio; pricing; and staying power. Which companies are the leading global vendors for energy storage systems?

What does a battery energy storage system integrator do?

Image: RWE. The battery energy storage system (BESS) industry is changing rapidly as the market grows. At the heart of what is becoming a crowded and competitive market is the role of the system integrator: putting together the components and technologies that bring BESS projects to life.

Which energy storage companies have installed the most energy?

Together, the top five have installed more than a quarter of the energy storage currently in operation globally. The top five in terms of installed projects (that is, projects completed as of July 2023) are, in descending order: Sungrow, Fluence, Tesla, and Hyperstrong.

What are the top 5 energy storage cell manufacturers?

The top five largest energy storage cell manufacturers in the first half are CATL, EVE Energy, REPT, Hithium, and BYD. CATL secured the top position with orders from major customers like Tesla and Fluence. EVE Energy received orders from all big customers, sustaining second place in the industry.

According to the report, Sungrow dominated the market with 16% of global market share rankings by shipment (MWh), jointly followed by Fluence (14%) Tesla (14%), Huawei (9%) and BYD (9%). Kevin Shang, senior ...
