

Recruitment of photovoltaic panel installers on a piece-rate basis

What does a solar photovoltaic installer do?

Solar photovoltaic installers are key to the process of solar panel installation and maintenance. They use specialized skills to install residential and commercial solar projects. They are responsible for safely attaching the panels to the roofs of houses or other buildings and ensuring that the systems work.

How much do solar photovoltaic installers make a year?

The median annual wage for solar photovoltaic installers was \$48,800 in May 2023. Employment of solar photovoltaic installers is projected to grow 48 percent from 2023 to 2033, much faster than the average for all occupations. About 4,100 openings for solar photovoltaic installers are projected each year, on average, over the decade.

Will solar photovoltaic installer jobs grow in 2021?

Although industry-wide statistics are currently unavailable, the U.S. Bureau of Labor Statistics (BLS) projects that solar photovoltaic (PV) installer jobs could grow by 27% between 2021 and 2031.

What are the different types of solar installation jobs?

These jobs are widely available, as solar installation companies are located nationwide. PV installers do a lot of work on roofs, laying down the solar racking system, panels, and wiring. Other areas of PV installation can include battery installation, site assessment, and roofing. Disclaimer! Working in solar can be physically demanding.

How does solar photovoltaic manufacturing work?

In the United States, solar photovoltaic manufacturing is highly automated. Machines do the majority of work: cutting semiconducting materials, such as crystalline silicon, into wafers, turning them into solar cells, and assembling the solar cells into solar panels.

Do plumbers & electricians work on solar installation projects?

Plumbers and electricians working on solar installation projects must also have specialized training on the systems that they will be installing, or they must work under the supervision of a qualified solar photovoltaic installer.
