

Residential photovoltaic panel income

Are solar PV systems eligible for a tax credit?

Solar PV systems installed in 2020 and 2021 are eligible for a 26% tax credit. In August 2022, Congress passed an extension of the ITC, raising it to 30% for the installation of which was between 2022-2032. (Systems installed on or before December 31, 2019 were also eligible for a 30% tax credit.)

Does Massachusetts have a solar photovoltaic program?

As Massachusetts has a strong existing solar photovoltaic industry, the initiatives offered under the SFA Program are designed to leverage federal funding and existing Massachusetts programs, such as the Solar Massachusetts Renewable Target program and Mass Save.

Will Washington expand solar access to income-qualified residents?

Washington will launch several programs that will expand solar access to income-qualified residents and frontline communities throughout the state. These programs will complement existing programs and policy to support distributed solar in the state.
