What makes Panasonic hit solar panels unique?

Beginning with the groundbreaking research on amorphous silicon solar cells in 1975, Panasonic set a new benchmark in 1997 with its HIT technology, which boasts some of the highest conversion efficiency ratings in the market. Solar Electric Supply offers wholesale Panasonic HIT solar panels and comprehensive systems at unbeatable prices.

Are Asian solar panels a good choice?

Asian PV modules are known for high efficiency and often provide very high output, which makes them probably the most popular choice when it comes to wholesale solar panels for sale for systems of a larger scope. However, their warranties for products are lower and quality issues are more frequent in comparison to US and European companies.
