

Solar Mount Phone Case Premium

What is the best solar phone case?

The Blavor Qi-enabled power bank is the best solar phone case on our list. It is compatible with the iPhone XR/XR MAX/XS/X/8/8plus, Samsung Galaxy S9/S9 Plus S8/S8 Plus, and all Qi-enabled mobile devices, giving it great utility. Being Qi-enabled means that the power bank can charge any phone with a wireless charging option.

Which solar charging case is best?

Tough, waterproof, usable with most phones, and with some handy extras, the Blavor phone case is an excellent choice for keeping your phone protected and charged. Another solar charging case with Qi wireless technology, the 2BConnect Solar Charger Power Bank can charge any Qi-compatible device.

What is a solar powered phone case?

Using the same technology that is used in normal solar panels, a solar powered phone case is basically a mini solar panel that is integrated to your phone case. Photovoltaic solar panels convert light energy into electrical energy, so that you can charge your phone with the solar powered case.

What should I consider when buying a solar phone case?

Another important factor to consider when buying a solar phone case is the charging capacity of the power bank. You want to make sure that the power bank is large enough for your needs. This means taking into account what you usually use your phone for and how much battery life it drains.

Do solar phone case Chargers work?

Solar powered phone case chargers are being sought after more and more each year. The industry has made a few attempts, but they have all failed. There are no working solar charging cases that I know of (at least that work on iPhone 8 and above).

How many devices can a solar charging case charge?

Another solar charging case with Qi wireless technology, the 2BConnect Solar Charger Power Bank can charge any Qi-compatible device. With its 36000mAh power bank and two USB output ports, a Type-C input/output and a Micro USB input, this case can charge up to four devices simultaneously.

I'll take the 70% constant battery percentage using the Premium Solar Panel over zero% battery life any day. About the 4 star review, I did that because: 1. nowhere in the description does it ...
