How do I monitor my solar panel energy production?

Download the Tesla app to start monitoring your solar panel energy production. Some solar panel systems have full home energy monitoring for home usage and grid consumption -- learn more about energy data, impact cards and power flows in the Tesla app.

How do I use the mysunpower mobile app?

Use the mySunPower mobile app to view your individual panel production in real time to see how each panel is performing. By integrating seamlessly with your SunPower solar and battery storage solutions, the mySunPower app puts the power to monitor system performance and control battery settings in the palm of your hand.

Do solar panels have home energy monitoring?

Some solar panel systems have full home energy monitoring for home usage and grid consumption -- learn more about energy data, impact cards and power flows in the Tesla app. If you already own Powerwall, the Tesla app experience for solar panels with Powerwall gives you access to additional features, control modes and insightful data.

Is there a solar energy monitoring app?

Well, you've just found one. This app lets you track and monitor the energy flows and power of your solar panel system remotely wherever you are. The app has a minimal UI and displays values and curves that are easy to understand. It also provides an analysis of energy evaluations and CO2 savings, which is handy.

What is a solar system app?

This app is here to make solar system usage as simple as possible. It's a perfect choice for those who've just started to get into solar system usage and want to level up the experience. The app covers a bunch of features to help you out with your system.

What is the Tesla app experience for solar panels?

If you already own Powerwall, the Tesla app experience for solar panels with Powerwall gives you access to additional features, control modes and insightful data. Once your utility grants you permission to operate (PTO) your system, we will send you an email confirming that you can activate your system and begin using the Tesla app.
