

Solar pole bracket

Should I use pole mounts for my solar panels?

Pole mounts can be a suitable option for mounting solar panels if you don't want to mount them to your roof. They are easy to install and provide a way to mount the panels so that they are still off the ground and away from harm.

What is a pole mount solar rack?

The module rails are a mill-finish structural aluminum angle. These mounts include stainless steel module mounting hardware as well. Standard top-of-pole mounts are adjustable from 15 degrees to 65 degrees in 10-degree increments. These pole mount solar racks are made to mount on standard sizes of SCH40 steel pipe.

How many solar panels can be installed on a single pole?

Pole Mounts are used for a single solar panel or multiple solar panels and can be configured for side-of-pole or top-of-pole installation of up to 12 solar panels in an array on a single pole.

What is the best solar array mounting solution?

Sometimes the best and most adjustable solar array mounting solution is a Top-of-Pole mount. Our lines of Top-of-Pole Mounts are high-quality structures with heavy steel mounting sleeves and elevation pivots. The module rails are a mill-finish structural aluminum angle. These mounts include stainless steel module mounting hardware as well.

What is a tamarack solar module racking structure?

Our innovative solar module racking structures are designed to install quickly and provide secure mounting for modules from nearly all manufacturers. With pole, roof, and ground mounts for solar panels, the Tamarack line of products has a solution for your grid-tied or off-grid application.

How do I mount a rack to a pole?

All racks have sleeves sized to slip over readily available standard sizes of installer-supplied SCH40 (Schedule 40) steel pipe. The largest mounts (225 sq. ft. and above) mount on SCH 80 steel pipe. The mounting sleeves have set-bolts spaced 90° apart to firmly secure the rack to the pole.

Whether roof mount, ground mount, top of pole mount, side of pole mount, tower mount or custom solar panel mounting, we can accommodate your requirements. Call (877) 297-0014 for discount pricing, more information or to order.
