Why should you compare solar quotes?

Comparing solar quotes is a great way to learn more about each company and the kind of information they provide to potential customers. A great solar installer can explain everything in their quote, answer any questions you have, and give you a complete picture of project timelines, from contract signing to final grid interconnection.

Do solar panels have a power purchase agreement?

Power purchase agreement (PPA): The solar company retains system ownership and only charges you for the solar energy you use each month. According to our recent survey of solar customers, 49% chose to pay in full upfront, 23% got a loan, 11% leased, and 17% financed through a PPA. What warranties come with solar panels?

What products does a solar power company install?

It manufactures all the products it installs: panels, batteries, inverters, EV chargers, and monitoring app. This allows its products to work together seamlessly to maximize power output and efficiency. It operates in all 50 states, though not in all ZIP codes, either with its own employees or company-certified local installers.

Who are the best solar installation companies?

We selected Freedom Solar, Blue Raven Solar, and Palmetto as our top three choices for solar installation companies, with Freedom Solar getting our top vote. See how we compared these companies and other top-rated providers in our review.
