

Solar rack accessories new product release

What is integrarack solar racking?

IntegraRack Solar Racking Systems are designed to make solar panel installation faster, easier, and more cost effective than ever before. All of IntegraRack Solar Racking products are manufactured out of our facilities in Las Vegas, Nevada and Utah.

What is the ir-45 solar racking system?

The IR-45 is one of the most universal solar module ground mounting systems ever developed, and it was specifically designed to rack solar modules of any size, even 700 Watt jumbo size solar panels are no match for the IR-45 Racking System.

Where are integrarack solar racks made?

All of IntegraRack Solar Racking products are manufactured out of our facilities in Las Vegas, Nevada and Utah. Our complete line of solar brackets and ground mount frames are corrosion resistant and rigorously lab tested and engineered for use in all 50 states by Phoenix National Laboratories.

Are integrarack solar roof brackets compatible with rail based systems?

IntegraRack Solar Systems manufactures a full line of class leading revolutionary super sealing solar roof brackets that are compatible with all rail based systems. All of our products are built to be stronger and faster than anything else on the market, and all of our products are backed by a full 25 year limited product warranty.

What is a ir-15 racking system?

The IR-15 is a fixed 15° racking system that was built to withstand hurricane force winds of up to 200 mph with a 0° Hurricane Setting to withstand over 200 mph (click [HERE](#) for Engineering & Data sheets). This makes it perfect for southern Texas, Florida, and other regions near the equator or at risk of hurricanes.
