What is Sunny Energy Solar?

Sunny Energy Solar is a company based in Tempe, Arizona founded by four solar industry veterans with diverse backgrounds in installation, operations, sales, and finance. Sunny Energy Solar was established to provide Arizona homeowners with a superior solar experience. These visionaries have over 15 years of experience each in the solar industry.

Is sunny sky solar a good company?

Excellent service and high quality install. In fact our neighbour is sparky and he is also very impressed with Sunny Sky Solar work. We got 13.2kw solar system installed with Hyundai panels and Sungrow inverter. Everything was impressive from beginning to end. Customer service was excellent and installation was very highest quality.

Who is the best sales manager of Sunny Sky Solar?

Mr. Jonny from Queensland is highly recommended as the best Sales Manager of Sunny Sky Solar. He provided the best and most efficient service to have a solar system installed. I have recommended him to a few friends, and they have also installed theirs through him. You will not go wrong to meet Mr. Jonny as he provides the best service I have ever come across.

Who owns Sunny Sky Products SDN BHD?

Sunny Sky Products SDN BHD is solely owned by Sunny Sky Products, LLC., USA. It is a food service beverage manufacturer located in Kulai, Johor.

How long did it take Sunny Sky Solar to install?

Installer and electrician arrived on time to install my solar system. The entire solar system was installed within 5 hours. 6.6kw Jinko panels + Sungrow inverter. I would definitely recommend Sunny Sky Solar to anyone who requires a Solar System. This is our third solar installation - our first with Sunny Sky.
