What is a good mount for a Tesla Model 3?

Electrek's pick. A good mount for your Tesla Model 3 or Model Y. The Topfit is very straightforward but also great. It's a plastic mount that clips on to the side of your Tesla Model 3 or Model Y display. It does its job. It gets in the way of your view a little bit (as will almost any phone mount in a Tesla), but otherwise it's solid.

Does Tesla have a Jowua Mount?

The Jowua mount is one of the rare exceptions. It has an invisible design that almost entirely hides behind your Tesla's display, and it has a roller grip that makes it easy to pick up and place your phone in the mount with one hand. It can be mounted on either the driver or the passenger side, and it has a 360-degree swivel ball.
