

The company s photovoltaic panel installation scam revealed

How do you identify a solar panel company to avoid scams?

These tactics may include persistent calls, scare tactics, door-to-door visits, or making unfounded claims about solar benefits. Companies employing such methods prioritize sales over delivering quality service. These are the red flags to identify solar panel companies to avoid scams. Also See: Do You Still Have an Electric Bill With Solar Panels?

Is installing solar panels for free a scam?

The federal government does not install residential solar panels for free; if someone is claiming otherwise, it's probably a scam. If it seems too good to be true, it probably is. If someone is promising that you'll save huge amounts of money by installing solar panels, they might be exaggerating to make a sale.

How do I file a complaint against a solar panel company?

Check your state's DOJ website for information on filing a lawsuit or settling a complaint in small claims court. With this, you have learned that filing complaints against solar panel companies involved in solar scams is quite simple. Let's finally read about some cases of solar panel scams in Florida and California.

Can a solar company install solar panels for free?

The underlying truth is a concept known as third-party ownership, where a solar company installs panels for free, but you enter into a lease or energy purchase agreement. Be cautious of long-term contracts and escalating payments, especially in solar leases and PPAs that may last over 20 years.

Are solar panel companies shady?

The solar panel companies that are shady want you to feel like you have no rights as a consumer once you've been committed to their contracts, but this is not the case. They cannot get away with unfair and deceptive practices. Consult a solar attorney to understand your rights.

How do I know if a solar contract is a scam?

Pay attention to warranties, cancellation policies, payment schedules, and try to spot any hidden fees. Honest businesses will give you time to go over the terms of the contract, understand the agreement, and let you sign it in writing. To learn more, visit [ftc.gov/solar](https://www.ftc.gov/solar). And if you spot a scam, tell the FTC.
