

The latest ranking of the top ten photovoltaic panel brands

What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

What is solarreviews' 2024 solar panel Brand ranking system?

SolarReviews is thrilled to unveil its 2024 Solar Panel Brand Rankings. The scoring system, carefully crafted through extensive discussions with industry leaders, evaluates solar panel brands based on product quality, financial bankability, commitment to U.S. manufacturing, and value.

Which solar company offers the best & most expensive solar panels?

After reviewing hundreds of solar panels, we found that SunPower offers the best (and most expensive) solar panels. Choosing the best solar panel can feel overwhelming, but it's easier than you might think. If you select a quality solar installer, in most cases they'll install quality solar panels. Many companies offer great solar panels.

What are the best home solar panels?

Hanwha Q Cells, REC Alpha Pure, Panasonic EverVolt, Silfab, and SunPower A-Series are the best home solar panels on the market. The price per panel of most of these averaged around \$300. The best solar panels come standard with a 25-year performance warranty. Monocrystalline solar cells are more efficient than polycrystalline types.

How do I choose the best solar panels?

You'll also want to choose panels from a company that backs its panels (and ideally your entire system) with a strong warranty. We reviewed hundreds of solar panel models and found that five brands stand out: SunPower, REC, Panasonic, Maxeon, and Jinko Solar. SunPower, REC, Panasonic, Maxeon, and Jinko Solar offer the best solar panels.

What are the best solar panels in 2023?

The ranking system objectively evaluated the top solar panels available in 2023 and found that Qcells and Canadian Solar stood out for product reliability in terms of solar performance and their financial strength. The full ranking can be found here, and a quick breakdown of the scoring system can be found here.
