

Trina Photovoltaic Monocrystalline Panel q1

What is Trina Solar?

Based on the aim of improving the system efficiency and reducing the balance-of-system costs, Trina Solar's research and development team has introduced an innovative design of low-voltage and higher module string power output. Typically, Trina can interconnect 33 Vertex modules into a string.

What certifications does Trina Solar have?

Trina Solar's Backsheet Performance Warranty IEC61215/IEC61730/IEC61701/IEC62716/UL61730 ISO 9001: Quality Management System ISO 14001: Environmental Management System ISO14064: Greenhouse Gases Emissions Verification ISO45001: Occupational Health and Safety Management System Comprehensive Products and System Certifications

Why should you choose Trina Solar?

With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong, bankable brand. Trina Solar now distributes its PV products to over 100 countries all over the world.

How many vertex modules can Trina interconnect?

Typically, Trina can interconnect 33 Vertex modules into a string. Compared with other reference module, a single module string can achieve up to a 41% power increase, 15% racking decrease, 17% foundation decrease and 35% combiner box decrease, indicating an innovative technological breakthrough and ushering in a new era of 600W+.

How many countries does Trina Solar sell to?

Trina Solar now distributes its PV products to over 100 countries all over the world. We are committed to building strategic, mutually beneficial collaborations with installers, developers, distributors and other partners in driving smart energy together. STC: Irradiance 1000W/m², Cell Temperature 25°C, Air Mass AM1.5.

How TrinaPro 210mm vertex module & Nclave brand tracker will improve performance?

The TrinaPro solution integrated Vertex module and customized Nclave brand tracker, which could give full play to the Vertex module and ensure the safety and reliability of the system. As for the special cell structure of 210mm Vertex, TrinaPro R&D team will develop an adaptive tracking Algorithm, which will bring an extra performance gain of 1-2%.

TrinaSolar 330w Mono Solar Panel - TSM-330-DD06M.05(II) Trina, 330W PV Module, MC-4 Connector, PV Wire 47"±, 35mm Black Frame with Black Backsheet, BoB, 120 1/2 Cell Mono, 20A Fuse, 1000VDC, 3.2mm glass, ...

Trina Photovoltaic Monocrystalline Panel q1

Trina Solar owns two national-level innovation platforms, the State Key Laboratory of PV Science and Technology (SKL) and National Enterprise Technology Center, which gathers international ...

Ultra high power up to 620W. The medium-format n -type series modules adopt 210R rectangular silicon wafer design. 210R technology not only breaks through the conventional medium-sized module power output bottleneck of 600W but ...

The 600W+ Photovoltaic Open Innovation Ecological Alliance was announced on 14 July - a formation of 39 firms that aims to create a new collaborative and innovative ecosystem through open collaboration, synergizing the main ...

605W+ Ultra-high Power with 21.2% High Efficiency. Based on the 210mm large-size silicon wafer and monocrystalline PERC cell, the Vertex comes with several innovative design features allowing high power output of more than 605W. ...

With Trina's uniform, deep black monocrystalline cells, anodized black aluminum frame and black backsheet the ALLMAX M Plus TSM-300DD05A.05(II) 300 watt solar panel combines great ...

Trina Solar Co., Limited Solar Panel Series TALLMAX M TSM-DE17M(II) 435-460W. Detailed profile including pictures, certification details and manufacturer PDF ... Solar Panel JH Solar - ...

Based on the 210mm large-size silicon wafer and monocrystalline PERC cell, the Vertex comes with several innovative design features allowing high power output of more than 510W+. Excellent temperature coefficient and low irradiation ...

Trina 415W Solar Panel TSM-415DE15M(II) with 144 of Trina's uniform half-cut deep black monocrystalline cells, anodized black aluminum frame and black backsheet. Look into detailed descriptions, ratings, reviews, ...
