

Trinity Photovoltaic Panel Official Flagship Store Bracket

Does Trinity solar install solar panels on the east coast?

Trinity Solar has been installing solar panels on the East Coast for nearly two decades. Here's how the long-tenured company compares with the rest of the industry. While the residential solar industry is no longer in its infancy, a company that started installing solar in 2004 is one of the old guard.

Does Trinity solar use qcells solar panels?

The Qcells residential solar panels that Trinity Solar prefers to use have high energy efficiency ratings, ranging from 20.6% to 22%. Does Trinity Solar have solar leases available? Trinity Solar offers several ways to finance your solar energy system.

Is Trinity solar a good solar inverter company?

Trinity Solar offers Q-Cells for solar panels, which are highly efficient. Q-Cells panels boast an energy efficiency between 20.6% and 21.4%, which is comparable to the best in the industry. The company offers more selection for solar inverters, including equipment from SolarEdge, Tesla, and Generac.

Does Trinity Solar do its own solar installation?

Although some solar energy companies outsource the installation process to third-party contractors, Trinity Solar handles its own installations. The company has a large team of employees that make up various sectors, including customer support, construction, electrical, and service teams.

What warranties does Trinity solar offer?

Trinity Solar's warranties are relatively basic. The company offers a five-year warranty on workmanship for any solar, roofing or battery backup installations. The company also passes manufacturer warranties onto the customer, which usually covers the products for 25 years, but this depends on the brand and products chosen.
