

We sell solar power systems

What happens if you sell your home with solar panels?

As with owning your own home, you control your own property, but you are also responsible for it. If you choose to sell your home, the panels can be part of the sales agreement and will likely boost property values. Once out of warranty, the panels are yours to maintain or replace.

What warranties do solar companies offer?

Solar companies offer different warranties on their products and services, but you can find some common themes among the most prominent companies. For example, most solar companies and vendors offer 25-year warranties for solar panel performance and factory defects.
