

What brand of photovoltaic panels is Risen

Who makes risen energy solar panels?

Risen Energy is a Chinese manufacturer of solar panels that have a 15 - 25 year product warranty (see below) rather than the 10 -12 years some manufacturers catering to the cheaper end of the market still offer. Their panels are certified as corrosion resistant, making them suitable for installation anywhere in Australia.

Are risen solar panels a good brand?

If you're looking for a tried and tested mid-range solar panel, then all the evidence suggests that Risen are a good brand to select. In particular, we would recommend any of the below 3 solar panel models which feature greater efficiency and a 25-year product warranty.

Is risen solar a solar installer?

A hands-on review of Risen Solar and their RSM 40 panel by Solar Choice CEO Jeff Sykes Note: Solar Choice is not a solar installer and has no financial or other incentives to promote any product brand over another. Risen Energy Co., Ltd. was founded in 1986 and converted from being a producer into a solar panel manufacturer in 2002.

Are risen solar panels available in Australia?

Risen has set up distribution channels in Australia including recently announcing a 150MW distribution agreement with One Stop Warehouse giving them exclusive rights to Risen's 330W Jäger Solar Panels. How Much Do Risen Solar Panels Cost? Should I Buy Risen Solar Panels? What is a Bloomberg Tier 1 Solar Panel?

Is risen energy a global leader in photovoltaic technology?

This remarkable Pmax output solidifies Risen Energy's position as a global leader in photovoltaic (PV) technology. Recently, Risen Energy won the bid as the first candidate for China Datang Co., Ltd. (hereinafter referred to as "China Datang") for the 2024-2025 centralized procurement of photovoltaic modules (bidding section 3).

Are risen solar panels eligible for a STC rebate?

The annual capacity of Risen has reached up to 24.6GW in 2021 which makes them one of the main-stream solar panel manufacturers. Risen currently has 170 solar panels approved by the Clean Energy Council in Australia under the name "Risen Energy Co Ltd". This is a requirement to be eligible for the federal STC solar rebate.
