

Where to buy JA Solar panels at a cheaper price

Are JA Solar panels a good choice?

Panels from JA Solar come at a relatively low price which makes it easier to replace broken modules. They are also sturdy and show great resilience in extreme weather conditions. One module can endure winds up to 210 mph in speed which is much higher than the wind speeds of an average tornado or a hurricane.

How much does JA Solar cost?

The price per watt is somewhere between \$0.55-\$0.65. You could say that JA Solar prices match the ones of Trina Solar, slightly cheaper than Canadian Solar, but a bit more expensive than LONGi Solar. Lower LCOE (levelized cost of electricity) is mentioned in the description of every JA Solar panel.

Is JA Solar a good company?

JA Solar is focused on making high-output very efficient monocrystalline PV modules, mono- or bifacial. Of course, they also have quality, though fairly standard residential panels for sale. The efficiency of their panels varies between 19%-21%.

Are JA Solar panels cheaper than Trina Solar?

You could say that JA Solar prices match the ones of Trina Solar, slightly cheaper than Canadian Solar, but a bit more expensive than LONGi Solar. Lower LCOE (levelized cost of electricity) is mentioned in the description of every JA Solar panel. You could say that JA Solar panels may be the most efficient ones among cheaper PV modules.

Who makes JA Solar solar panels?

JA Solar is at the forefront of the solar market -- this Chinese manufacturer is among the largest photovoltaic brands in the world. What kind of panels does it make? What makes them so popular all around the globe? Let's find out in our small review. Chinese companies reign at the top of the list of photovoltaic companies.

What is the efficiency of JA Solar panels?

The efficiency of JA Solar panels usually hovers between 20% and 21%, which is above average on the market. JA Solar engineers implement most of the popular modern solar technologies, like half-cut cell construction, PERC cell technology and busbars. When it comes to price, JA Solar is on the cheaper side of the market.
